

Math

The author uses numbers and months as a way to show what the wolves do throughout a single year. Sometimes we use a number to represent a month when we write dates. For example, 9/11 represents September 11th or 7/4 represents July 4th. Match the month to the number:

JANUARY	6
FEBRUARY	5
MARCH	4
APRIL	3
MAY	2
JUNE	1
JULY	12
AUGUST	11
SEPTEMBER	10
OCTOBER	9
NOVEMBER	8
DECEMBER	7

Can you write your birthday using only numbers?
